

Electronic Warfare (EW)

Problem: Rapidly evolving challenges to spectrum dominance threaten blue force lethality and survivability.

The EW COI Technology Challenge (TC) Areas

Cross-cutting S&T investment strategy with resulting leap-ahead capabilities involving the use of Electro-Magnetic (EM) and directed energy to control the EM Spectrum or to attack the enemy while protecting our own EM systems against interference.

To obtain additional info regarding the EW COI, including a copy of the classified 2014 EW S&T Roadmap, please contact:
